

Pelican 309 S+ 24v

A unique line of table-top machines

As a result of CTcoin's long tradition of product development combined with a successful collaboration with Bang & Olufsen designer David Lewis, a new generation of table-top coin counting and sorting machines is introduced. Pelican+ models 301, 305 and 309 have higher speed, lower noise level and more options.

A reliable coin counting machine

CTcoin's 4th generation alloy sensor technology ensures highest counting accuracy and rejects foreign coins, counterfeit coins, tokens etc.

Improved features:

- Speed: Up to 1100 coins/ minute
- Reduced noise: More than 30% noise reduction

ADVANTAGES

- Non-sorting or sorting of up to 9 coin denominations
- Counting of up to 20 different coin denominations
- Rejection of foreign / counterfeit coins, tokens etc.
- 2 different coin denominations can be shown in the two line display
- Tilt sensor for easy cleaning of coin rail
- Programmable bag stop (by number or weight)
- Battery back-up
- Coin tubing and bagging programme
- Rail-stop function
- Programmable fee system
